

ROGER ANTECRISTO MENISTERIO

Operations & Logistics Coordinator | Team Building & Training
Malaybalay City, Bukidnon, Philippines | roger.menister@gmail.com | +63 936 846 3662

PROFESSIONAL SUMMARY

Results-driven operations and logistics coordinator with a proven record of building rider teams from the ground up for two separate third-party logistics partners of Shopee — most recently growing a team from 7 to 71 active riders. Background spans agricultural research, entrepreneurship, and business development, bringing a rare combination of technical training, sales experience, and hands-on people management to fast-scaling operations.

CORE SKILLS

Operations: Rider recruitment & training, quota/KPI growth, team scaling, third-party logistics coordination

Business: Sales & business development, commission-based sales, feed formulation consulting, startup management

Technical (secondary): Self-taught web & app development — HTML, CSS, JavaScript, React Native, Next.js, Supabase, payment gateway integration (PayMongo), CI/CD automation

PROJECTS & ACHIEVEMENTS

1st Place Winner — App Prototype Competition — DevCon Bukidnon

2024

- Self-taught HTML, CSS, and JavaScript, then designed and built “LabaGO,” an on-demand laundry pickup and delivery app prototype combining programming skills with hands-on logistics operations experience.
- Won 1st place at DevCon Bukidnon, validating the concept against other developer teams; currently seeking funding/partnership to launch commercially.

PROFESSIONAL EXPERIENCE

Logistics Supervisor / Rider Trainer — RGserve General Services Company — 3rd-Party Logistics Partner of Shopee

2025 – February 2026

- Recruited, trained, and managed a rider workforce, growing the active team from 7 to 71 riders within the engagement.
- Designed and ran onboarding and training processes for new hires to meet delivery quotas quickly.
- Coordinated day-to-day logistics operations to support scaling delivery volume across the assigned area.

Rider Supervisor — Welljob General Services and Solutions — 3rd-Party Logistics Partner of Shopee

October 2024 – 2025

- Hired and trained delivery riders, increasing the active rider quota from 9 to 30.
- Built out training and performance processes later carried into a larger role with a second logistics partner.

Founder — Elaya Agrisolution

2022 – 2024

- Founded and ran a feed trading business, including commercial feed formulation consulting/training for livestock and poultry raisers.
- Partnered with Hexie Machinery (China) as a freelance sales agent for feed machinery, earning commission per unit sold.
- Managed the business through the ASF (African Swine Fever) outbreak, which significantly impacted swine-sector sales.

Owner — Independent Trading Business (Buy & Sell)

2018 – 2022

- Left a stable government research career to start and self-teach sales and small business operations from the ground up.

Farm Superintendent I / Research Assistant — Philippine Rice Research Institute (PhilRice)

2012 – 2017

- Promoted from Research Assistant to Farm Superintendent while pursuing a master's degree in Agriculture; oversaw farm operations and research support at a national government research institution.

EDUCATION & LICENSES

- Bachelor of Science in Agriculture, major in Entomology — Central Mindanao University, 2012 (Cum Laude)
- Licensed Professional Agriculturist — Professional Regulation Commission (PRC), Philippines
- Licensed Real Estate Appraiser — Professional Regulation Commission (PRC), Philippines, 2015
